President's Message: Carrie Downey

Greetings Ladies:

We are off to a great start this year. We have 5 new members, are making and serving food at Rachel's house on January 30, and are already gearing up for our role in the Spring Flower Show. Lots of opportunities for everyone.

We had wonderful speakers from The USS Coronado and the USS Coronado Commissioning Committee at our January meeting. Admiral Nyquist handed out donation

information to support the ceremony to commission the latest Navy vessel to bear the name "USS Coronado." The forms are attached to our newsletter. The activities start with the Chamber of Commerce Salute to the Military Ball, honoring the crew of the USS Coronado at the Hotel Del on March 29th, then the commissioning ceremony at the North Island pier on April 5th. You can purchase a yard sign to support the commissioning activities by going to the Coronado Historical Association ("CHA") in person or at: Coronadohistory.org (go to the museum store link).

Our presentation in February will be about another local issue, the decreased funding to the Coronado Unified School District. The State of California has changed the method to allocate funds to school districts and it will result in Coronado losing money compared to our previous allocation. The School Board is seeking input from the community on how to cut their budget to match their reduced allocation.

Unfortunately I have to miss

the February meeting but know it will be informative and inspirational. Thank you for all you have done for the Woman's Club in the past that has allowed us to have such a positive impact in our community today. Help lead this club and community in the direction you want to see us go in. Participate!
